

22/03/24

Dear Parents and Carers,

### **Scooting to school**

We are delighted that so many of our children choose to scoot to school. Whilst not a legal requirement, we strongly recommend children wear helmets whilst doing so. In addition to this, please support us by reminding your children about ensuring they do not scoot in between parked cars. It is also important that children still cross roads safely. A few parents have reported children scooting out on to roads without looking. Thank you for helping keep all children safe.

### **Attendance/Punctuality update**

Since my last communication about this, I am pleased to share there has been a slight improvement in school attendance overall. Thank you!

As we move into the summer term, I hope to see this continue. School is starting to consider options for the attendance reward trip which I have written to you about previously. The trip will take place towards the back end of the summer term and eligible children will be notified closer to the time.

All children that achieve 97% attendance or higher will access a free school trip. School will make allowances for medical appointments/treatment where there is full evidence of underlying medical needs - there are a handful of children that fall into this particular category. Allowances will not be made for all other absences when calculating the attendance percentage for a child to determine eligibility for this reward trip.

School starts at 8:30 am for all children. Please support your children to be on time every day.

This has been yet another busy half-term during which our children should feel proud of their many achievements which include many sporting accolades, Dojo certificates, Marble Parties, Class Showcase Assemblies, Pen Licences, Mastering Times Tables, Bikeability and Silly Science Workshops!. Have a lovely Easter holiday and I look forward to receiving the children on Monday 8<sup>th</sup> April.

Kind Regards

Ms Z Adam

(Head Teacher)
